

# #hello my name is...

*'One of the most important things you will say today'*

*A campaign originating in healthcare by Dr Kate Granger MBE & her husband Chris Pointon to improve compassionate care. A truly inspiring campaign & story.*

*The campaign is now recognised across global healthcare and is the first rung on the ladder of improved patient care costing little money and taking little time.*

*Kate passed away in July 2016 following 5 years living with cancer. To date Chris & Kate have raised over £310,000 for charity & inspired many. If you want to be inspired and hear the story contact Chris as he now travels the world sharing the story & continuing the legacy. Also search for his TEDx talk on youtube.*

*A Campaign that proves: 'Through Adversity comes legacy'*
